A screenshot of a web browser displaying the "Fly High Bookings" page. The browser's address bar shows "ndafire:8081/AirlineReservationSystem/bookDetails.obj". The page has a header with the "Fly High" logo and navigation links: "Home", "Authority Login", "View Flights", "Book Flight", and "Contact Us". The main content area is titled "Fly High Bookings" and contains a booking form. The form has the following fields and values: "From:" with a dropdown menu showing "Please select source"; "To:" with a dropdown menu showing "Vadodara" and a red error message "Please select the destination city"; "Departure Date" with a text box containing "05/09/2018" and a red error message "Date Should not be less than current date"; "Number of Travellers" with a text box containing "4"; and "Class:" with radio buttons for "Economy" (selected) and "Bussiness", and a red error message "Please select a Class Type". A blue "search" button is located at the bottom of the form. The Windows taskbar is visible at the bottom of the screen, showing the time as 5:34 PM on 5/26/2018.
